

Technical Data Sheet | TT100

Drip Tray | 100ltr Sump

A low profile drip tray ideal for use under low machinery or vehicles, this drip tray is manufactured from recycled polypropylene.

Product Specifications

External Dimensions (WxLxH)	1000 x 1000 x 120mm
Unit Weight	Approx. 4kg
Sump	100ltr
UDL	-
UK Pack Size	92
Export Pack Size	92

Product Features and Benefits

- Perfect for placement under low-clearance machinery or vehicles, ensuring effective leak and spill containment in tight spaces.
- Manufactured from recycled polypropylene, supporting sustainable practices without compromising on performance.
- Built to withstand harsh industrial conditions and exposure to a wide range of liquids and chemicals.
- Simple to position and relocate, offering flexibility across various applications.
- Effectively captures drips and leaks, helping to maintain a clean and safe working environment.
